

Controller - Harlan County Health System- Alma, NE

A brand-new opportunity for a Critical Access Hospital Controller has just become available at Harlan County Health System, a Critical Access Hospital with two Rural Health Clinics in beautiful Alma, Nebraska! Experience in healthcare, specifically with Critical Access Hospitals, is preferred for this position, however qualified applicants from other industries will be considered.

The Controller will report to the Chief Executive Officer. The Controller will be responsible for the maintenance of financial records, payroll, accounts payable, accounts receivable, internal and external financial reporting, and regulatory compliance. The controller will oversee the A/P, GL, payroll, patient registration and business office clerks as well as Financial Counseling. The Controller will complete Month End Financial Statements, Adjusting & Closing Entries, Audit Prep, and Leases.

The ideal candidate for Controller has a strong analysis background and is currently either a Controller or Senior Accountant. In collaboration with the Chief Executive Officer, the Controller will help achieve the mission of the hospital by bringing to light any issues that may affect the hospital's ability to provide patient care.

The hospital is currently undergoing a new Meditech implementation and the Controller will be actively involved in the transition.

With affordable housing and great schools, the area surrounding this well-regarded hospital has it all. Ample outdoor activities and clean air make this the perfect choice.

A competitive salary and comprehensive benefit package is available. Contact Anamarie Schluntz at aschluntz@harlancohealth.org or 308-928-2151
